

EVAK DRAINOX

heavy duty site drainage pumps with Hytrel impellers

Available in 110V and 230V 1-phase and 400V 3-phase models, Drainox drainage pumps are designed for arduous site drainage applications. They feature stainless steel strainer base, outer cover and handle, with FC20 cast iron pump housing and ADC12 alloy motor housing and seal casing. The highly abrasion resistant Hytrel vortex impeller reduces wear and maintains reliability.
